MEMORANDUM FOR: Director of Central Intelligence

Sir:

Lyman Kirkpatrick contacted me at home on Thursday evening, 16 May, concerning his visit to Washington during the period 21 - 23 May. As you know, he will be here in connection with the three-volume intelligence work he is producing for DIA. I understand he will see you sometime on Tuesday afternoon.

He inquired whether it would be in order for him to request the use of an Agency car and driver for certain periods during his visit. He said that ACSI of Department of the Army had offered such a courtesy but he would prefer our assistance. I told him I viewed the request as appropriate and have made the necessary arrangements. I also informed Lyman that I would make you aware of the matter.

John F. Blake

P.S. I also told him, if he wanted to use our damn cars and drivers, that in the future he should book himself into a hotel other than Watergate. He replied in the same vitriolic fashion he has always favored me with during the years.

Mr. William Colby
Director of Central Intelligence
Washington, D. C.

Dear Bill,

Thank you very much for talking with me about the intelligence community and for giving me your concepts of the NIO's and the ICS. I also appreciated your arranging for me to see George Carver and General Graham, both of whom were most helpful in discussing their work.

When the draft of the textbook on the intelligence community is completed I will provide you a copy and will be most receptive to any comments or criticism which you or your staff wish to provide. In that connection, I plan to come to Washington the week of July 8, and I am hopeful that I will be able to see the heads of the USIB agencies or their designees so that I may insure that each view is given proper consideration.

With very best wishes for continued success in your heavy responsibilities.

Sincerely yours,

Kirk
